## Organizer Agreement

As an Ocean Blue Project Create a Cleanup Organizer, I understand that once this registration is submitted I commit to organizing a Cleanup on the date specified and will not be able to change the date. I also understand that the beach location and/or date and time is subject to change by Ocean Blue based on previously scheduled events.

As a Create a Cleanup Organizer, I am also responsible for ensuring that each participant completes a waiver and liability release and for returning signed waivers to my Ocean Blue Collaborator prior to or immediately following the event. I understand that a person will not be able to participate in the Cleanup without completing the waiver release.

At the Cleanup, I will speak to the volunteers as a group or individually about avoiding wildlife habitat and to avoid touching any sharp objects. I will inform Ocean Blue of any sharp objects present at the Cleanup location.

After the Cleanup, I agree to report to my Ocean Blue Collaborator a general description of debris removed and any photos or other documentation of the event. I understand that images or videos with content of single use plastic bags used as Cleanup supplies may not be published on the Ocean Blue Project website or social media pages.

I have read and understand the Ocean Blue Project Statement of Diversity & Inclusion found at [www.oceanblueproject.org/diversity-inclusion.html](http://www.oceanblueproject.org/diversity-inclusion.html) and an Ocean Blue Collaborator has answered any questions I may have asked regarding the statement.
